

Stagecraft Display Ltd. Modular Panel Manufacture

stagecraft.

Trade Manufacturerers of quality timber frame panels.

Stagecraft is a family run business based in Newtown, Powys. Since 1985 the company has spent most of its trading life specialising in exterior and interior retail display systems and shop-fitting with an established customer base throughout the UK and Ireland.

As the business has grown so too has its experience, skills and capacity. In January 2017 a new venture of business formed through the supply of modular panels for a local developer, which grew rapidly to supplying key timber frame developers from Northern to Southern counties across the UK. As an independent supplier we offer a reliable, quality manufacture and are a recommended partner for project builds with developers of size and capacity.

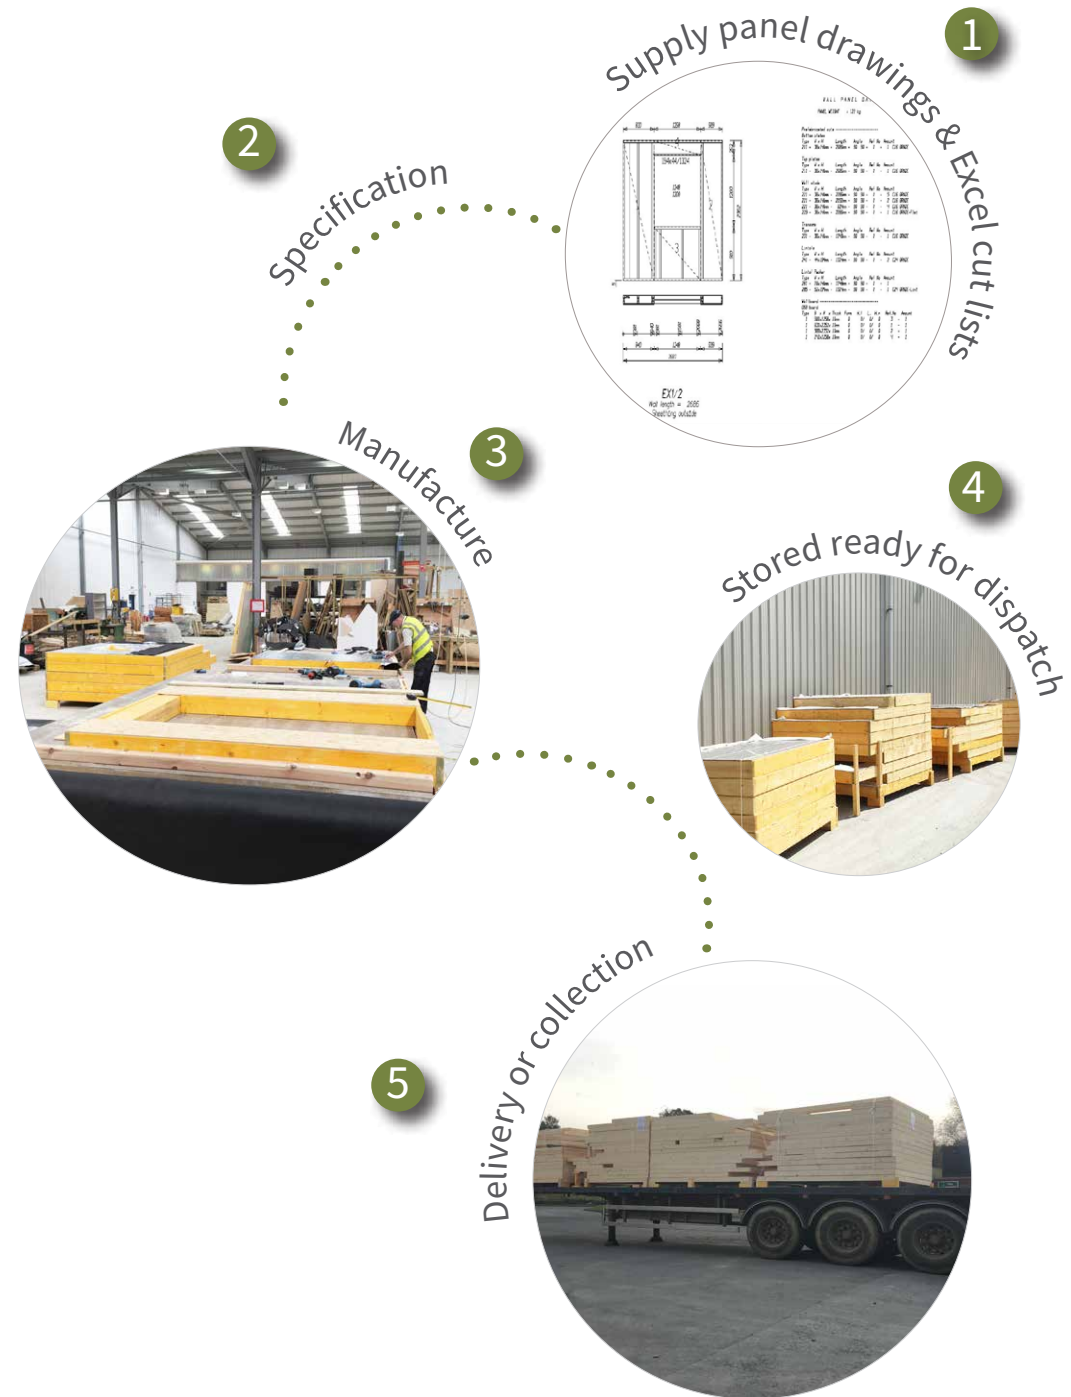

- Auto cut saw for maximum efficiency.
- Dedicated craftsmen with skill and experience.
- Tight control of quality, delivery and customer service.
- Operate from a 32,000 sq ft factory in Newtown, Powys.

Tailored service to suit your needs.

We offer full supply of materials used to your specifications, we can offer a labour only service discussed on first enquiry.

Our quotation process:

- 1 Upon receipt of your Excel cutting lists and panel plans we can begin to generate your quote.
- 2 Stagecraft will then quote to your specification of materials, we also offer labour only quotations which can be discussed upon enquiry.
- 3 Once quotation is approved and we have received build schedule we will plan and carry out manufacture.
- 4 Once the panels have been manufactured we can organise delivery or collection.
- 5 Stagecraft will offer a quote for delivery to any UK postcode, be it site address or company address. We can also arrange delivery to Ireland upon request. Customers own transport or collection can be arranged prior to any quote given.

What makes us the **best** choice for you?

- ✓ Stagecraft can operate day and night shifts to support volume projects, please specify your delivery schedule in first contact discussions.
- ✓ Stagecraft manufacture external, internal, apex, out rigger options, spandrel panels and insulated panels to support full house build.
- ✓ Trusted supplier to a number of large Timber Frame Contractors.
- ✓ Typical build material specifications are C16/C24, TR26, glulam, OSB3, ply, plaster board and a variety of membrane variations catered for.
- ✓ If you have a specific bespoke timber/ housing/ modular build project Stagecraft would like to hear from you and discuss openly if we can be of service.

Opening Hours

Monday to Thursday: 8am - 5pm

Friday: 8am - 1pm

Delivery

We quote for delivery based on order quantities and location.

We aim to keep delivery cost to a minimum.

Contact
